30 October 2007

Dear Paul,

On behalf of us all at Lance Show & Publications Limited, I am writing to thank you very much indeed for the part you and your staff played in the overall success of this year's Showman's Show. We have again received many favourable comments from exhibitors with particular reference to the friendly and efficient way the event is managed by all involved.

The attendance figures were up on last year reaching just over 5000 and the feedback received so far from exhibitors is that the quality of visitor was good and may well result in increased business.

Do contact us with any constructive comments, criticisms or ideas for improvement to the Show; these are always welcome.

With our very best wishes.

Stephen Lance
